Who we are

Founded in 1979 by Dr Roger Mugford, a renowned UK dog expert and behaviourist, Company of Animals is a hub of activity, research and innovation. We are constantly developing exciting products that work to resolve pet-related behaviour and training problems, improve animal welfare and enrich the lives of pets and their families.

Our company is made up of a whole bunch of wonderful yet different people, products and brands; what's important is that we all believe in and strive for the same things.

Company's **mission** & promise

We're on a
mission

We made ourselves a
promise

To make every moment between you and your dog a more joyful one.

To always deliver products and services that make every moment with your pet more rewarding.

Company of Animals values & pillars

Create

We never stand still. We love to innovate. We know we have great products but, we can always be better and do more.

Honest

Nobody is harder on us than ourselves. We have to be. We always try to do the right thing by pets and their owners and strive to merit their trust, as their pet has such an important place in their hearts and families.

Playful

We take what we do very seriously. But ourselves? We are a fun team that enjoys developing positive & happy relationships with our stakeholders.

Passionate

We love animals and work hard to make them happier every day. It's that simple.

As a family owned business, we have values that we stand by. Things that we really, **truly believe in.**

Over the last 40 years...

We're very proud of our ever-growing family.
Innovation is at the core of our heart.

8 ...we've been busy

Ongoing improvements and innovation to come!

**Strong

solid
foundations.**

These are ours

Animal wellbeing

Pet health and happiness is our No.1 priority. We will never divert from this. No matter what.

Only the best

We never compromise on quality. No corner cutting. No easy-way-outs.

Owner empowerment

We give owners the confidence to take control and do it themselves. Because when you're happy, they're happy.

Sharing the love

Everything we do is driven by our deep insights into the relationship between people and pets. Built up over 40 years and counting, we're not selfish with our knowledge; we love to share.

Pet Corrector™

The Original Sound-Based Training Aid. Humane, easy-to-use and highly effective.

Pet Corrector works by interrupting unwanted behaviour (such as barking) with a hiss sound that replicates the natural warning hiss sound made by snakes or cats. The sound simply distracts their unwanted behaviour, and dogs should be immediately rewarded with a treat or praise, so there is a positive association with stopping the unwanted behaviour and receiving a reward.

Everyone Protected

Global research shows that 1 in 3 dog owners do not secure their dog when travelling (even in places where it's required by law) putting themselves and their dog at risk of danger.* Combined with a worldwide trend of increased road safety legislations, dog car harnesses are a growth opportunity in pet retail.

Our CarSafe range of dog car harnesses provides peace of mind for responsible dog owners. The Carsafe range offers two safety focused options: a secure dog restraint harness and a crash test certified harness.

Coachies

What makes a great reward?

Well, we think it's one that a dog really likes to eat (duh!), that's also really good for them, and that an owner is really happy to give them... So that's what we made.

And believe us, our dogs really, really like to eat them!

A recipe for **SUCCESS**

Each Coachies® reward is only 2 calories, which makes it an ideal and effective treat to reward dogs with repeatedly during training. They're also oven-baked to lock in all those lovely nutrients and have no artificial colours, flavours or added sugars – because who wants those?

Slow it DOWN

Got a greedy dog who eats too fast? Or is your cat in need of some mental stimulation? The Slow Feeders are just what you need to turn mealtimes into a challenging game.

Cats and dogs lack mental stimulation throughout the day which can lead to boredom and unwanted behaviours. The Slow Feeders stimulate pet's natural behaviour and motivate them to find and push food out of the grass shaped feeder, keeping them entertained while eating slower.

Eat slower. Be healthy. Have fun.

The ultimate TOUGH BALL

With Boomer Ball your dog will have endless hours of great fun!

It is a great entertainment for those ball-obsessed dogs and because it is made of super-tough material, it's perfect for highly energetic toy destroyers too.

Playing with Boomer Ball is also a great exercise for dogs. While chasing and pushing the ball with their nose and paws, they run and move around in a very healthy game. It's so fun that even tigers, bears, elephants and other inquisitive animals love Boomer Ball that are used as enrichment toys in zoos and reserves.

BOOMER BALL!

Boomer Ball

Made of super-tough polyethylene, Boomer Ball is suitable for any dog breed. Because it's not designed for your dog to carry, it should be bigger than the dog's jaw gape.

Available in 4 sizes:

4 inch/100mm, 6 inch/150mm, 8 inch/200mm, 10 inch/250mm
