WE ARE ROSEWOOD

We love pets. Big, small, fluffy, furry or feathery, we love them all. Because we're pet parents too (just like you).

Pet happiness is at the heart of everything we do. And it has been since 1960.

We believe that if you put love in, you get love out. That's why we use only the best quality ingredients and materials for our products. So pet parents can make a better, healthier, happier choice for their best friends.

At Rosewood, our mission is to bring more joy to pets' lives. That's why we joined forces with Pets Unlimited. So that together we can improve the health and happiness of even more pets than ever before. And grow from the #1 dog snack in The Netherlands to the most loved pet care brand (in the world).

With over 60 years of expertise and knowledge, Rosewood offers the best of everything. To every pet, pet parent and pocket.

Loving happy pets since 1960.

ABOUT US

Rosewood is the premium umbrella brand of Dayes Pet Care B.V., a proud member of the Dayes Group. In 2022, we happily welcomed Rosewood Pet Products to our family. This union allows us to join forces and combine over 60 years of expertise and knowledge in pet products.

At Rosewood Pet Products, we take pride in offering a wide range of high-quality, non-food pet items such as bedding, toys, clothing, grooming essentials, and more for dogs, cats, small animals, and everything in between. Dayes Pet Care B.V. specialises in dog and cat snacks and feed, bringing their expertise to the lineup. Together, under our premium retail brand Pets Unlimited, we're honoured to be recognised as the #1 A-brand in the Netherlands for 'dog snacks.' It's something we're incredibly proud of!

As we move forward together under the brand name Rosewood, it's an exciting opportunity for both of us to excel in what we do best: enhancing the health and happiness of even more pets. Our goal is to grow from being the #1 dog snack brand in the Netherlands to becoming the most loved pet care brand worldwide.

This partnership represents a beautiful synergy. We both believe that pets are integral parts of our lives and cherished members of our families. Just as we strive for the best for our families, we want nothing but the best for our beloved pets too.

OUR BELIEFS

Rosewood is not just a pet product brand – we're pet parents too! We take great pride in our commitment to improving pets' lives and bringing joy to their daily routines. We are entrepreneurial, passionate and empathic. Our mission is to enhance the world of pets each day through our:

- ✔ Thoughtful design and delivery of treats, accessories, and play items that prioritize quality, well-being, and choice.
- ✔ With over 60 years of experience spanning the pet industry – from grocery to online retail, pet speciality to value discount.
- ✔ Our agile approach to meeting retailer demands, leveraging our extensive experience and sourcing power to ensure every retailer offers the best selection at competitive prices.
- ✔ Forward-thinking product development that drives the market, with a focus on positively impacting the well-being of the pet community.

WE FOOD RETAIL

Back in 1998, finding food and treats with whole-some, balanced ingredients was like finding a bone in a haystack at grocery stores. So, we rolled up our sleeves and decided to fetch the solution ourselves! Fast forward over 24 years later, and our awesome products are now stocked in more than 15 countries, both inside and outside of Europe.

With our retail range sporting distinctive black packaging for dogs and blue packaging for cats, we're on a mission to bring the joy of speciality store quality products to everyone's doorstep. Your customers' furry friends can now enjoy top-notch goodies at affordable prices right from your supermarket shelves.

WE CATS

We're all about their independent streak and aloof purr-sonalities. Getting woken up at 5 a.m.? It's a badge of honour. Meows at mealtimes? That's our jam! Here, at Rosewood, we love cats just as much as our customers do. We truly believe that when you shower love, you're guaranteed to get it back, maybe even with some extra purrs and head boops! From the mouthwatering Chicken Deli Delight purees to the Salmon Deli Soups and mixed fish Deli Cups, we've got everything those whiskered wonders need for a healthy, lip-smacking treat. Because we know that happy cats make for even happier humans!
